

INTRODUCTION

This is the third in a series of booklets designed to open the eyes of string chamber music enthusiasts to the enormous variety of non-standard repertoire currently available and to guide them to the publishers. It covers all chamber music for two or more strings with piano.

To keep the booklet to manageable size it omits standard classics which are easy enough to find, but does devote space to Haydn trios where a guiding hand through the thickets of choice may be welcome. It omits all works by composers who survived beyond 1936 and whose music is therefore covered by copyright. And it does not attempt to cover the baroque or earlier repertoire.

All the publishers listed herein contactable by e-mail have been invited to check the accuracy of their entries and we are grateful to those who have responded.

If you find something in this booklet that takes your fancy, how do you go about buying it?

For publications by Merton Music, which sells only by mail order, follow the instructions on the back cover.

Otherwise, if the publisher is in your country your local music shop should be able to obtain it.

If the publisher is abroad you should still try your local retailer, but if he fails you can

try a specialist retailer, e.g. Fuller Music of Cinderford U.K. (enquiries@fullermusic.co.uk) or Broekmans and van Poppel of Amsterdam (music@broekmans.com);

visit the publisher's website; many have facilities for ordering on line or even for paying by credit or debit card;

write to the publisher direct; but be prepared to research methods of paying in a foreign currency.

The credit for this publication belongs almost exclusively to Jan Hollanders of Zaandijk in Holland whose indefatigable list-making over most of a lifetime has provided all the data herein. His encyclopaedic knowledge of published chamber music literature has hitherto been made unreservedly available to his friends. We are delighted to have this opportunity to make it available to a wider world.
